Allah is Al Hafeez

“But Allah is the Best Protector, and He is the Most Merciful of those who show mercy.” (Surah Yusuf :64)

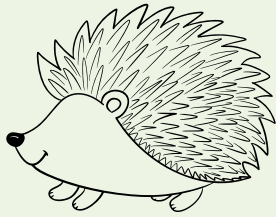

Allah is the Perfect Protector. He protects us in ways we know and ways we don't know. He protects us through angels and through amazing systems everyday!

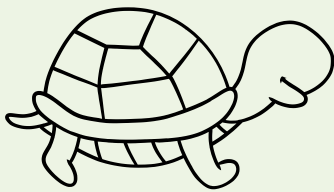

For example, the immune system is like a special army that Allah created inside our body to protect us from germs and sickness. The atmosphere is a layer of gases around the earth that protects it from harmful radiations from the sun. Look at your eyelids – they're shields protecting your eyes. All these were made by Allah, Al Hafeez!
